

1. Identification of substance:

Trade name: Magnet-Particle-Suspension fluorescence (oil based)

Article number: MPS - F2

Manufacturer/Supplier

Helmut Klumpf

Technische Chemie KG

Industriestr. 15

D - 45699 Herten Phone.: (02366) 1003 - 0 Fax: (02366) 1003 - 11 e-mail: klumpf@diffu-therm.de

Advice:

Helmut Klumpf, Techn. Chemie KG, H. Klumpf

Emergency advice:

As stated above or next emergency phone

2. Hazards identification

Hazards designation:

None

Information pertaining to particular dangers for man and environment:

None

3. Composition/information on ingredients

Chemical characterization (preparation):

Description: Suspension with Magnetic-particle with Triglyceride

4. First aid measures

General information:

After inhalation:

Ensure supply of fresh air.

In the event of symptoms refer for medical treatment.

After skin contact:

In case of contact with skin wash off with water.

After eye contact:

In case of contact with eyes rinse thoroughly with water.

After swallowing

Do not induce vomiting; instantly call for medical help. Instantly call for doctor

5. Fire fighting measures

Suitable extinguishing material:

ABC powder, alcohol-resistant foam, carbon dioxide.

Extinguishing material that must not be used for safety reasons:

Full water jet.

Special exposure hazards extinguishing from the substance or preparation itself, combustible products or resulting gases:

None

Special protective equipment for fire fighters:

None

6. Accidental release measures

Personal precautions:

- Ensure adequate ventilation.
- Keep away sources of ignition.

Environmental precautions:

- Do not discharge into the subsoil/soil.
- Do not discharge into the drains/surface waters/groundwater.

Methods for cleaning up/taking up:

- Take up with absorbent material
(e.g. sand, sawdust, kieselguhr, general-purpose binder).

7. Handling and storage

Advice on safe handling:

- Provide good room ventilation even at ground level (vapours are heavier than air).

Advice on protection against fire and explosion:

- Keep away from sources of ignition.
- Do not smoke.
- Take precautionary measures against static discharges.

Storage:

Requirements for storage rooms and vessels:

- Keep container in a well-ventilated place.

Advice on storage compatibility:

- Do not store together with oxidizing agents.

Further information on storage conditions:

- Keep container in a well-ventilated place.

8. Exposure controls/personal protection

Additional information about of technical systems:

- No other information's, see point 7.

Ingredients with occupational exposure limits to be monitored:

CAS - NR.	Name of chemical	%	Code	Value	Unit
-----------	------------------	---	------	-------	------

No applicable

Additional information's:

None

Personal protection equipment:

Respiratory protection:

- Respiratory protection in the event of aerosol or mist formation.

Hand protection:

- Gloves (oil-resistant)

Skin Protection:

- Light protective clothing.

Eye protection:

- Tightly fitting goggles

General protective measures:

- Avoid contact with eyes.
- Avoid prolonged and/or repeated contact with skin.

Hygiene measures:

- At work do not eat, drink, smoke, or take drugs.
- Remove soiled or soaked clothing immediately.
- Cloths contaminated with product should not be kept in trouser pockets.

9. Physical and chemical properties

General Information

Form: Liquid Colour: brown Smell:

Data relevant for safety:

(Product without power gas)

Boiling range: 203 - 263 °C (DIN 53 171)

Flash point: > 200 °C (DIN 51 758)

Ignition temperature: 350 °C (DIN 51 794)

Explosive properties: The Product is not explosive, but
may form flammable/explosive vapour-air mixture.

Density (20°C): 0,945 g/cm³ (DIN 51 757)

Solubility in water (20°C): insoluble

Viscosity (40°C): 13,3 mm²/s

Viscosity (100°C): 3,5 mm²/s

10. Stability and reactivity

Conditions to avoid:

No decomposition if used correctly. No reactions by normal use.

Materials to avoid:

No hazardous reactions known.

Hazardous decomposition products:

No hazardous decomposition products known.

11. Toxicological information

Basis for assessment: Information given is based on product data and on data on the components and the toxicology of similar products.

Acute Toxicity

Oral : Low toxicity, LD 50 > 5000 mg/kg (rat)

Irritability/Corrosiveness:

Skin: Slight irritant, but not sufficient to trigger an EC label

Eye: Not irritating

Sensitization: Not a skin sensitizer

12. Ecological information

General ecological information):

The ecological evaluation of the product is based on data from the raw material and/or comparable substance.

Behaviour in environment compartments:

The product is not water. endangering

Ecotoxicological effects:

Not available.

General information's:

Do not discharge product unmonitored into the environment.

13. Disposal considerations

Product:

Recommendations:

Hand over to authorized disposal agency.

Waste code No.:

EAV: 14 06 03 term: Mixture of solvent

Contaminated packaging:

Recommendations:

Container must be completely emptied and must not be opened by force.
Hand over to authorized disposal agency.

Waste code No.:

EAV: 15 01 02 term: Plastic jerry cans

14. Transport information

Land transport ADR/RID, Marine transport IMDG and

Air transport ICAO-TI and IATA-DGR

No danger goods in all transport regalement.

15. Regulatory information

Labelling according to EC-regulations:

The product does not require a hazard warning label in accordance with EC Directives / Ordinance on Hazardous Materials (GefStoffV).

Water hazard class: Not a water-endangering product.

(German VwVwS of May 17, 1999 Appendix 1/2)

16. Other information

Restriction of occupation:

Observe employment restrictions for young people.

Recommended uses:

As Magnetic-Particle-Suspension at the Magnetic particle inspection by acc. to EN ISO 9934-1 (DIN 54 132) for finding surface cracks.

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product.
